# John Doe

#### Education

Master of Science in Computer Science

Aug 2020 - May 2022

University Name, City, State

GPA: 3.8/4.0

Bachelor of Science in Computer Science

Aug 2016 - May 2020

University Name, City, State

GPA: 3.7/4.0

# Experience

Software Engineer — Company Name, City, State

Jun 2022 - Present

- $\bullet$  Designed and developed RESTful APIs using Spring Framework, improving system performance by 25
- Wrote unit tests with JUnit, achieving 95% code coverage.
- Collaborated with cross-functional teams to integrate APIs with front-end systems.

Software Engineering Intern — Company Name, City, State

May 2021 - Aug 2021

- $\bullet$  Assisted in developing and deploying microservices using Spring Boot.
- Optimized database queries, reducing query response time by 30
- Participated in Agile ceremonies, including daily stand-ups and sprint planning.

### Technical Skills

- Languages: Java, Python, JavaScript, SQL
- Frameworks: Spring Boot, Hibernate, React, Node.js
- Tools: Git, Docker, Kubernetes, Jenkins
- Databases: MySQL, PostgreSQL, MongoDB
- Other: RESTful API Design, Unit Testing, Agile Development

### **Projects**

#### E-commerce API Platform

GitHub: johndoe/ecommerce-api

GitHub: johndoe/portfolio

- Built a scalable e-commerce API using Spring Boot and Hibernate.
- Implemented authentication and authorization using Spring Security.
- Designed the database schema and optimized queries for better performance.

#### Personal Portfolio Website

- Developed a responsive portfolio website using React and Node.js.
- Hosted the application on AWS, ensuring 99.9% uptime.
- Integrated contact forms and analytics tools for better user interaction tracking.

# Additional Information

- Oracle Certified Java Programmer (OCJP).
- Volunteer mentor for coding bootcamps, helping students learn Java and Spring Framework.
